

April 2020 RAVEN team meeting

Our meeting was cancelled to facilitate faculty and students in transition because of the pandemic crisis. We did collect some updates:

Students: Hannah and Rachel are researching articles on energy issues for submission to the NB Media Co-op. Lauren is supervising them and researching an article on feminist urban planning. Jessica has submitted her proposal for review by supervisors, on a fresh food tax credit.

Daniel: On paternity leave. Working on Letters from the future: We have three in the hopper, one that just came out, and potentially a book project. This is a partnership with the NB Media Co-op.

Tracy: Wrote two stories about NB woodlot owners for the NB Media Co-op. Working on another online media project involving people working to protect the environment in the southern part of the province.

Rick: Public schools have closed so his engagement in Charlotte County is on hold for now.

Amy: Continuing her project to support gardeners in the Nashwaak Valley.

Matt: Continuing work on his video, producing the sizzle reel.

Susan: updating the RAVEN content on the NB Media Co-op site, preparing paperwork for summer students, supervision work, articles in development.

Our next meeting will be in early May.
